Received today \$2,500 refund of contribution to Comite Pierluisi Inc. which had been designated for 2012 Primary election but was disbursed after that election. Please refer to letter from FEC Reports Analysis Division dated 11/28/12. Both of the contributions mentioned in that letter have now been refunded to us, and I will report both contributions on our next Report of Receipts and Disbursements, at which time it would be appropriate to close your file.
